## DISKLOZ TECHNOLOGIES CORP. ANNOUNCES CARFAX PARTNERSHIP

### For Immediate Release

### Diskloz Technologies Corp Forms Strategic Alliance with Carfax to Enhance Vehicle History Transparency

**Edmonton, AB - May 27, 2024** : Diskloz Technologies Corp, an innovator in Dealership Software solutions, is proud to announce a strategic partnership with Carfax, the preeminent provider of vehicle history reports. This alliance aims to elevate the standards of vehicle history transparency and reliability, providing consumers and industry professionals with unprecedented access to detailed vehicle history data.

By integrating Carfax's extensive vehicle history databases with Diskloz Technologies' innovative software platforms, this partnership will enable automotive businesses and their buyers to easily access detailed information about a vehicle's past, including accident history, service records, and previous ownership. This integration is designed to assist buyers and sellers in making more informed and confident vehicle transactions.

"We are thrilled to collaborate with Carfax to bring a new level of transparency and trust to the automotive market," said Brandi Lindgren, CEO of Diskloz Technologies Corp. "This partnership is a cornerstone in our commitment to enhancing the car buying and selling experience with transparency through advanced technology."

Carfax is known for its commitment to helping users understand the lifecycle of vehicles through comprehensive and reliable vehicle history reports. The partnership will also explore new technological developments aimed at further enhancing the accuracy and availability of vehicle history information, thus setting new industry standards in data transparency and usability.
